Studybugs - reporting absence

We're pleased to announce that Greengate Lane has agreed to participate in an NHS public health project called 'Inspire', which aims to improve treatment of asthma in children.

We need your help though! The project uses a free absence-reporting app called Studybugs. Whether or not your child suffers from asthma, please could you download the app, or register on the Studybugs website, and use it to tell us whenever your child's ill and unable to attend school.

You can read more about the Inspire project at:

<https://everychildisdifferent.org/inspire>

As well as helping improve treatment of asthma, Studybugs also helps us track what illnesses are going around and is a convenient, efficient and secure method for reporting absence – so it should make life a little bit easier all around.

Click here to get the FREE app:

Parking

We are still having complaints from local residents about parking on pavements and grass verges. Please make sure you park with consideration for local residents and the safety of children.

School Gates and Parking

May we remind parents that they should not park in front of the school gates blocking the entrance. Parents are also reminded that they should not be parking inside the gates or using the entrances to turn their cars around as this creates a health and safety hazard for children and visitors.

Parking or waiting on the yellow zig-zags for any reason is

ILLEGAL
